

SILICA WARNING !!!

Blasting media, parts and equipment sold by AGSCO Corporation should not be used for blasting with sand or silica products of any type and use of such materials will void any warranty. For more information on silicosis and the dangers of using sand or silica products for blasting, visit the National Institute for Occupational Safety and Health's (NIOSH) Web site at:

<http://www.cdc.gov/niosh/topics/silica>

Also, in using any product or equipment, you must be sure to use the proper safety equipment and to properly train your employees in the use of any equipment or products.

AGSCO Corporation assumes no responsibility arising from the failure to use proper safety equipment or the failure to properly train employees in the use of products and equipment.
